

# ARMANDO REYES MORA

## Developer Full Stack in React Native y React

Guadalajara, Jalisco, México | +52 3313975216 | [GitHub](#) | [LinkedIn](#) | [Email](#) | [More](#)

---

With a focus on web mobile and mobile Development using React & React Native, I specialize in building scalable, efficient, and easy-to-maintain solutions. I am passionate about implementing architectures that simplify future development and facilitate the integration of new features. My goal is to deliver value through clean, clear, and adaptable code that enhances both user experience and team workflows

## EXPERIENCE ON PROYECTS ACADEMIC AND PERSONAL

---

### PROYECTS

SEP 2023 – DIC 2023  
FOOD APP – ACADEMIC PROYECT

### DESCRIPTION

Development of a mobile app prototype of manage food categories and user preferences.
