Armando Reyes MORA

Software Developer

Passionate Software Developer with 2+ years of hands-on experience in building mobile applications using React Native. Strong understanding of the development lifecycle from UI/UX design to API integration and database management. Actively expanding skills in cybersecurity and full-stack development

PROFESSIONAL EXPERIENCE

Position: Aspiring React Native Developer | Focused on Mobile Apps & Cybersecurity

I have over 2 years of experience using React Native for mobile application development, both in personal and academic projects. During this time, I have built intuitive interfaces, implemented efficient state management, and optimized application performance. This experience has given me a solid understanding of the entire mobile development cycle, from UI design to API integration and database connectivity.

INTERESTS

- ☐ Full-Stack development for mobile applications.

- ☐ Specializing in the field of cybersecurity.

- ☐ Learning foreign languages (Russian, German, Mandarin Chinese).

- ☐ Improving my communication skills to clearly convey product goals and requirements, ensuring their proper implementation..
